## PARTE 1 — RESUMO

*Os conteúdos que caem na prova*

**1. Past continuous: o que ESTAVA ACONTECENDO no passado**

- Estrutura: was / were + verbo-ING.
- I / he / she / it → was · you / we / they → were
- Ex.: She was training. They were living in Brazil.
- Negativa: wasn't / weren't → He wasn't studying.
- Pergunta: Was she skating? – Yes, she was. / No, she wasn't.

**2. Simple past: fatos terminados**

- Regulares: + ed → play → played, start → started, live → lived.
- Irregulares: win → won, go → went, become → became, be → was/were.
- Negativa e pergunta usam DID + verbo base: She didn't win. Did she win?

**3. Os dois juntos**

- When she was a teenager, she was training every day. (contexto, ação em andamento)
- In 2021, she won a medal. (fato)

**4. Diversity (diversidade)**

- Diversidade é a presença de pessoas de origens, culturas, cores, gêneros, religiões e condições diferentes.
- Vocabulário: diversity, representation (representatividade), role model (exemplo a seguir), inspire (inspirar), overcome (superar), equality (igualdade).

**5. Past continuous + WHEN: ação interrompida**

- O past continuous mostra a ação que estava acontecendo; WHEN + simple past mostra o que aconteceu de repente e interrompeu.
- Ex.: We were watching TV when the lights went out. (Estávamos vendo TV quando a luz acabou.)
- Present continuous → past continuous: "People are running" → "People were running". "He is studying" → "He was studying".

**Leitura e interpretação: como a prova cobra**

- A prova traz textos curtos, tirinhas e imagens. Leia primeiro a PERGUNTA, depois o texto: assim você sabe o que procurar.
- Use as pistas: título, imagem, fonte, palavras parecidas com o português (cognatos) e o vocabulário que aparece no fim do texto.
- Nas perguntas de gramática dentro do texto, olhe o trecho sublinhado e pense: que tempo verbal é esse? o que ele mostra?
- Desconfie de alternativas que dizem mais do que o texto diz ou que trazem palavras que não aparecem no texto.
